

## Contemplative Book Study Continues Through June

Please join us for a discussion of Cynthia Bourgeault's latest book:  
*The Heart of Centering Prayer.*

Centering Prayer is the path to a wonderful and radical new way of seeing the world. It is not, as is sometimes thought, simply an act of devotional piety, nor is it simply a Christianized form of other meditation methods.

Cynthia Bourgeault cuts through the misconceptions to show that Centering Prayer is in fact a pioneering development with the Christian contemplative tradition. She provides a practical, complete course in the practice and then goes deeper to analyze what actually happens in Centering Prayer: the mind effectively switches to a new operating system that makes possible the perception of nonduality.
